Character Guide

The Spirit

A shadow, a wisp, a faint memory: this is Cole, the Inquisition's most mysterious ally. Caught between the physical world and the arcane realities of the Fade, Cole's humanity is as ambiguous as his spiritual existence. All he knows is that he desires to return order to a shattered world.

Cole wears a wide-brimmed hat, keeping his face in shadow. His armor is unostentatious: buckles and straps scatter haphazardly across his garb, and a simple leather vest and shawl afford him all the protection he needs.
